MACHINE SHOP

Turning
- Centre lathe
  - Max. turning length: 18,000 mm
  - Max. turning diameter: 2,500 mm
  - Max. diameter in front of support: 2,500 mm
- Vertical turret lathe
  - Max. turning height: 2,500 mm
  - Max. turning diameter: 4,000 mm

Milling
- Horizontal boring machines
  - Max. transverse movement: 4,850 mm
  - Max. working height: 4,450 mm
  - Spindle diameter: 175, 200, 250 mm
- Portal milling machine for square ingot milling
  - Working length: 9,500 mm
  - Working width: 2,100 mm
  - Working height: 900 mm

Boring
- Horizontal boring machines
  - Parameter for analogue milling
- Gun drilling machine
  - Max. drilling length: 10,000 mm
  - Max. drilling diameter: 380 mm
- Honing machine
  - Max. honing diameter: 450 mm
  - Max. honing length: 10,000 mm

Sawing
- Max. dimensions: 1,200 x 1,080 mm

Crane carrying capacity
- up to 75 tons
