

**Agreement
for the appropriate re-stamping of materials
and products for marine equipment and structures according to
Lloyd's Register Rules and Regulations for the Classification of Ships**

Between the company:

**Schmiedewerke Gröditz GmbH
Riesaer Straße 1
01609 Gröditz**

And

**Lloyd's Register EMEA
Überseeallee 10,
20457 Hamburg, Germany**

is agreed that the following employees are entitled for the re-stamping of materials with quality certificates by Lloyds Register Rules and Regulations, Part2, Ch.1 and in dependence on EN 10204:

		Stempel stamp	Unterschrift signature	Kürzel abbreviation
1. Schmiede- und Ringwalzerzeugnisse Forgings and ring rolled products				
Abnahmeingenieure Umform- erzeugnisse: Manufacturers authorized represen- tatives hot formed products:	Herr Müller			
	Herr Dieckmann			
	Herr Heselich			

For:

- Marking/stamping of material samples intended for testing
- Transfer of ID markings during the production process

The agreement requires a check of the identity of the material/blanks against the related certificates and compliance with the applicable Lloyds Register Rules and Regulations, Part2. The ID markings must be transferred prior to removing the original ID marking. The ID marking transfer to be validated by the entitled employee by adding his personal stamp.

For the transfer of ID markings of material with quality certificates according to EN 10204 / 3.2 which are not certified by Lloyd's Register, an specific approval by Lloyd's Register Hamburg and the certifying society of the 3.2 certificate need to be obtained.

For a complete traceability of the material/blanks, an ID marking transfer record needs to be completed for each re-stamping.

This ID marking transfer record shall include at least:

- Quality and size of the raw material
- batch/sample no.
- manufacturer and name of fabricating works
- makers certificate no.
- number of blanks and their dimensions
- date of re-stamping
- applied ID markings
- personal stamp of entitled employee

The ID marking transfer record and original material certificates must be presented at the final acceptance and certification.

Note:

The authorized personnel as mentioned in the SWG 'Manufacturers authorized representatives according to DIN EN 10204', Ref. QP-FA-TD-01, Revision "F", page 2, item 2 and listed below are excluded from this LR Approval:

2. Blockstahl (Rohblöcke) und ESU-Blöcke
Steel ingots and ESR-ingots
